

## Payeer for CMS Invision Power Suite 4

Copy the applications folder in the site root via FTP or SSH client (if necessary, replace the files and folders)

Open the file sql\_query.txt and copy the contents.

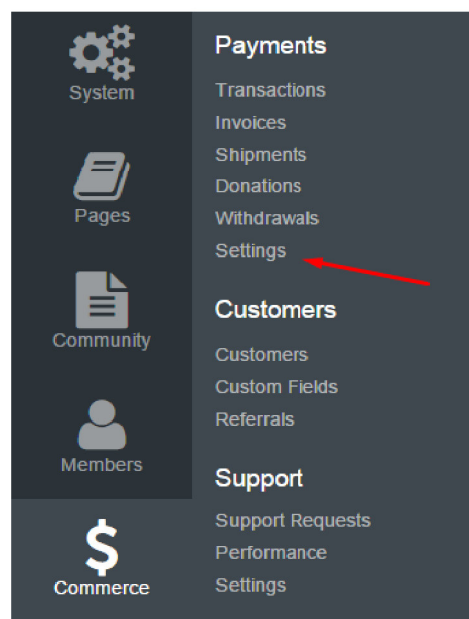

Run the SQL query to the database, which is installed CMS IPS4.

The request may be made through a SQL client or phpMyAdmin (to paste the copied text from the file sql\_query.txt)

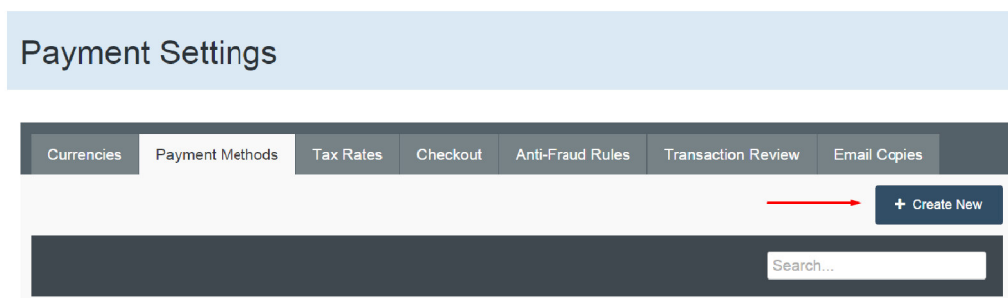

If the database exists prefix, append it to the word "core\_sys\_lang\_words" and confirm the query.

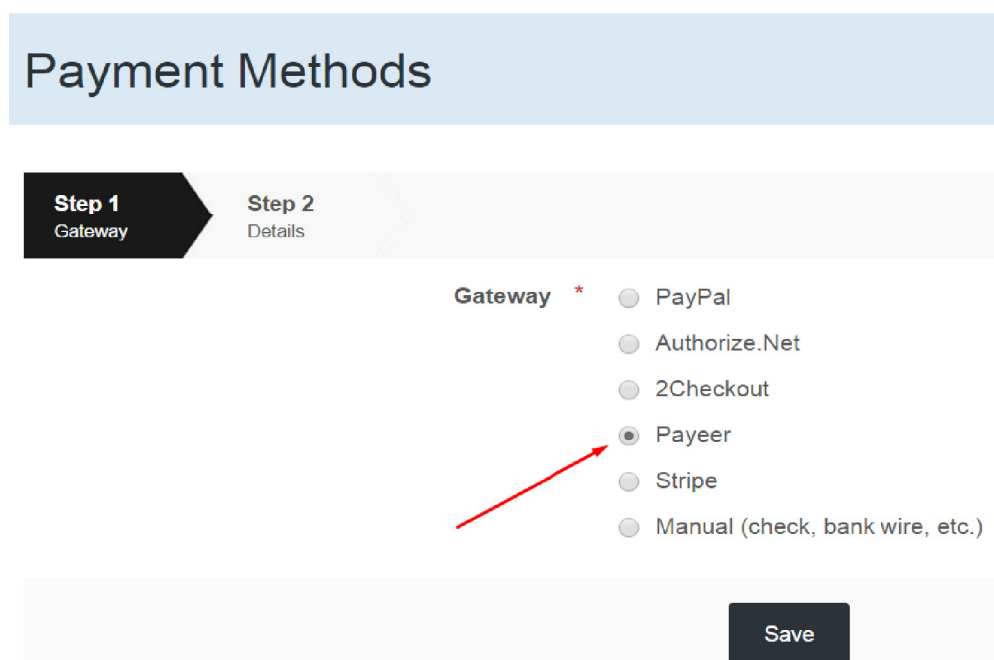

Open «AdminCP → Commerce → Settings»

In the tab "Payment Methods" create a new pay type

Select a payment gateway "Payeer" and click "Save"

In the second step, fill in the parameters of the payment method.

## Payment Methods

Step 1  
Gateway

Step 2  
Details

Name \*

Payeer

Merchant URL \*

//payeer.com/merchant/

Merchant ID \*

12345678

Secret key \*

01234567

Path to log file

/payeer\_orders.log

IP Filter

123.456.78.90

Email for errors report

info@payeer.com|

Save

- URL of the merchant, the default way to pay //payeer.com/merchant/ (change only if an information notice from payeer.com about the change in payment URL)
- Enter your store identifier, obtained by creating a store in the personal cabinet payeer.com
- Specify the secret key that is associated with the store, registered in payeer.com
- Specify the path to the file log, and all information payments via Payeer will be recorded in this file. If left blank, the entry will not occur

- In the ip filter you can specify a list of trusted ip addresses of servers separated by commas. You can also specify a mask instead of an ip address. If the field is left empty, then checking for trusted ip addresses is not performed.

For example:

192.168.71.87, 192.165.83.17, 192.178.34.15

Or 192.\*.71.87, 192.165.83.\*, 192.\*.34.15

Or \*.\*.\*.\* - available to all ip addresses

- Enter your email address, which will receive notices in the event of a payment error. The letter will state the reason and basic information about the payment.

Click "Save".

A new type of payment Payeer should appear in the list of available.

## Payment Settings

Then, specify the URL address in «Account Payeer → Merchant → Settings»

Success URL:

[http://\\*\\*\\*\\*\\*/applications/nexus/interface/gateways/payeer/success.php](http://*****/applications/nexus/interface/gateways/payeer/success.php)

Fail URL:

[http://\\*\\*\\*\\*\\*/applications/nexus/interface/gateways/payeer/fail.php](http://*****/applications/nexus/interface/gateways/payeer/fail.php)

Status URL:

[http://\\*\\*\\*\\*\\*/applications/nexus/interface/gateways/payeer/status.php](http://*****/applications/nexus/interface/gateways/payeer/status.php)

where \*\*\*\* - your domain

Secret key:	Who pays commission:
<input type="text" value="*****"/>	<input type="text" value="Client/Merchant"/>
Domain:	
<input type="text" value="*****"/>	
Success URL:	
<input type="text" value="http://*****/applications/nexus/interface/gateways/payeer/success.pl"/>	
Fail URL:	
<input type="text" value="http://*****/applications/nexus/interface/gateways/payeer/fail.php"/>	
Status URL:	
<input type="text" value="http://*****/applications/nexus/interface/gateways/payeer/status.php"/>	
<div><div>CONFIRM CHANGES →</div><div>CANCEL</div></div>	

Then "Confirm changes", enter the Master key (if required) and save.  
Module Payeer for CMS Invision Power Suite 4 configured.
